

Invitation – Expression of Interest

We would like to invite you to participate and become involved in our upcoming temporary exhibition, titled “Jervis Bay Alive” in the Lady Denman Heritage Complex’s Vera Hatton Gallery and Marine Environment Gallery.

The Temporary Exhibition Committee has approved an exhibition for next year which will be our Maritime year in honour of the Lady Denman Ferry turning 100. It is called **Jervis Bay Alive**.

Duration: 19th September –9th December 2012

The exhibition aims on showcasing the natural environment of Jervis Bay which has been recognized as a National Park and Marine Protection Zone

Aims and Objectives are:

- to interpret the natural environment of Jervis Bay covering natural, cultural and human issues.
- to provide a window into the underwater world of Jervis Bay.
- to become involved in the debate about the necessity of conserving the marine biodiversity.

I would be delighted to hear whether you would be interested in talking to us in regards to exhibiting your artwork during that time.

With kind regards

Karin Smith

Temporary Exhibition Curator
